Kitui

Dear Mr. Kithuku,

Re: Dams Information

I would like to get in writing the number of dams, which have failed, listed by name and river first.

Second, I also would like to get the number of dams, which are built on lands, which belong to councillors, board members, other leaders like chiefs, assistant chiefs etc. They also should be listed by name of dam, river, sublocation and location.

Third, I would like to get a list of all fundis sacked and dates of sacking with reasons for the sacking.

Fourth, I would like to get a list of all the dams with time each fundi spent on the particular dam, the numbers of people involved in the construction and the other technical details of the dams.

Yours sincerely

G-C. M. Mutiso
Chair
