Dear Sirs,

Please put us in your mailing list for both the Journal and News Sheet which we learned from Spore No. 59. We are a community NGO.

Yours sincerely

Dear Sir,

Spore No. 59 has a write up on uses of *Faidherbia albida* (*Acacia albida*). Where in East Africa can we get its seed? If it is not possible to get them here could you send us a trial sample and instructions on growing?

We are a community NGO.

Yours sincerely
Sahelian Solutions Foundation
